SPARKS FLY AS DAWES FLAYS WAR PROBLEMS

Thanks God the Army Was American Not Republican or Democratic.

Urges Spotlight on Present Extravagances Instead of Past Waste.

Washington, Feb. 3.—Returning sharply upon house war investigation committees as a whole, Charles G. Dawes, former head of the army supply procurement service in France, told one of them today that the value of their work had been rendered useless through injection of partisan politics.

"I bitterly resent this offer to reflect upon the entire army because some poor devil blundered in Switzerland," he shouted. "You cannot put a blotch on the army. What the hell did we go in for—to steal money? It was not a Republican or a Democratic war, it was an American war and yet as a rule these committees try to bring in partisan politics."

"You could use four times investigating to a better advantage right here trying to save disreputable government money," he said. "You could save more money for the people. But as to France you haven't got evidence to make a case if one existed and I don't believe it does."

Representative Flood, Democrat, Virginia told General Dawes his idea of investigation was to draw a lesson for the future; if bad administration was shown to say so and if there was fraud and graft to find it and see that the guilty were punished.

"Yes," General Dawes replied, "but don't let this thing go before the people as a partisan fight. Everybody wants to hear something bad about somebody else. I am not here to make charges that would blacken the name of a soldier who cannot come in to be heard."

Asked again how the committee followed the American army to France, Mr. Dawes said:

"Yes they were there, some of most despicable characters on earth, things to help the army by selling it things it needed as exorbitant figures. There was one man we caught and deported. What's his name? Oh what's the use. I am not a much raker. He was a traitor and I wish we could have shot him."

General Dawes praised the men in the army, saying the fashion nowadays to condemn them.

There were many women at the hearing but it did not cease the general who swore constantly.

"Considering everything," he declared, "the record of achievement of the war department in getting ready for war was a greater accomplishment than that of France or Great Britain in the same period of time."

"I don't believe you can pick flaws there and I am not speaking as a Democrat."

"Long after this committee is dead and gone, the achievements of the American army will stand as an everlasting blaze of glory. You have tried to make a Washington out of a mole hill, but thank God the army was American not Republican nor Democratic."

For five hours yesterday Mr. Dawes at times striding the floor of the committee room, challenged, with the main argument of victory won, previous testimony before the committee relating to waste and extravagance in the liquidation of American accounts in France and the sale of surplus stocks to the French government.

After widening his barrage to assail the present system of conducting the federal government as an evil of hundreds years standing and asserting investigators might better deal with that than with the things of history, Mr. Dawes declared he was not in politics for the sake of a name but for the sake of a principle. He was not in politics for the sake of a name but for the sake of a principle.

SHE IS BOSTON'S "WOMAN GOMPERS"

Miss Anna Weinstock.

Miss Anna Weinstock, president of the Women's Trade Union League of Boston and business agent of the Neckwear Workers' union, is called the "Woman Gompers" of Boston. She hopes to organize the 385,000 Massachusetts women who are not organized.

EXPECT GOVERNOR TO SIGN MILLER BILL THIS WEEK

Bill Is Passed By House With Eight Dissenting Votes; Emergency Clause Adopted 99 to 16.

Columbus, Feb. 3.—Governor Davis is expected to sign the Miller prohibition bill as soon as it reaches him which will probably be late this week or early next week. The bill passed the house yesterday by a vote of 112 to 8 which will probably be late this week or early next week. The bill passed the house late yesterday by a vote of 112 to 8 and the emergency clause was adopted by a vote of 99 to 16. It is not subject to referendum and empowers the governor to name a prohibition commissioner at \$5,000 a year as soon as it becomes effective.

The measure passed the house exactly as it passed the senate although several attempts were made to amend it. Hamilton county representatives raised the point that the search and seizure section as amended in the senate does not actually guarantee against search and seizure of private homes and wanted to amend this by making it more specific. It was argued by representative Truitt and Lipp of Hamilton county that on the pretext of making an inspection, inspectors might invade private residences without warrants. This was denied by anti-saloon league leaders who issued a statement following the passage of the bill that inspectors of private homes were absolutely safeguarded.

The house late yesterday adopted the Hopple resolution providing for the appointment of a joint legislative committee to investigate the state highway department. The Atkinson resolution demanding an investigation of the state oil inspection department was referred to the committee on administrative reorganization. Representative Atkinson, minority floor leader threatened to appeal to the courts to reinvestigation of the order of the state oil inspection suspending the state oil inspection laws. The house also passed the Pence bill to assess a tax of 20 cents a gallon on all whiskey in bonded warehouses. It was an emergency measure.

The senate adjourned last night until Monday in order to give the finance committee an opportunity to visit state institutions and to allow other committees to work on pending bills.

HERE'S A NEW ONE

Boston, Mass., Feb. 3.—Collector John J. Mitchell of the internal revenue office strives to make the road of the income tax payer as pleasant as possible, but he confessed himself stumped today. In his mail he found a letter asking that the writer be exempted from the tax on account of fallen arches.

Only nine per cent of the homes have running water; less than nine per cent have bath tubs; 53.6 have washing machines of any kind, although 93.5 per cent of the laundry work is done at home and only one fourth of the machines are run by power.

PENNSYLVANIA TOWN HAS HEAVY FIRE LOSS

Farrell, Pennsylvania, Feb. 3.—The biggest fire in Farrell's history occurred here today when the large two-story building of the Farrell Dry Goods company was destroyed with a loss estimated at \$400,000. The store was the largest department store in Shenango Valley.

WIRE BRIEFS

New York.—Al Roberts of New York given referee's decision over Captain Bob Roper of Chicago after a 12 round bout here.

Columbus.—Fire which destroyed the Cleveland Grays armory at Cleveland last week due to defective wiring, according to announcement by state fire Marshal H. A. Dykeman.

Columbus.—Prediction of steady improvement in financial and business conditions made here by Ira H. Pontius, state superintendent of banks.

Washington, C. H.—Thirty hundred and fifty men attended banquet of the Fayette county High Game Protective association here.

Berkley, California.—Alfred Newsome aged peddler, heir to almost a million dollars found here. He was just been released from the county jail.

Toledo.—Gasoline is retailing from 28 to 34 cents a gallon here.

GOVERNOR DAVIS PLANS TO HAVE STATE CABINET

Would Organize Ten Departments With Appointive Heads.

Proposes to Abolish Elective Offices For State Positions.

Columbus, Feb. 3.—Without going into details as to what departments are to be abolished or consolidated, Governor Davis today placed before the legislature a general outline of his proposed plan for the reorganization of the state government, which it was announced already has the approval of the legislative reorganization committee.

The plan calls for the adoption by the legislature of an administrative code which by one stroke would abolish many state boards and bureaus and provide for the establishment of 10 state departments assuming all the administrative activities not now imposed by the constitution upon such elective offices as the secretary of state, auditor of state, treasurer of state and attorney general.

Heads of these departments would make up the governor's cabinet, they would all be appointed by him and their terms would expire when the governor's term expired.

The state tax commission, the industrial commission and the public utilities commission would be continued for the handling of quasi-judicial matters but it is suggested that the administrative work now being done by these commissions might be handled by appointive officers, leaving the commissions free for quasi-judicial questions.

The plan is said to contemplate abolition of these commissions as they now exist and in the reorganization the administrative duties will be transferred to a department head who will be appointed directly by the governor.

Ten department heads are suggested as follows: Department of finance; department of commerce; department of public works; department of agriculture; department of health; department of labor; department of registration; department of education; department of public welfare and military department. The head of each department would be appointed by the governor, subject to senate confirmation, and would be held completely responsible to the governor. The department heads would have authority to appoint his chief subordinates and to regulate details of administration.

While no details were announced as to separation of administrative duties and quasi-judicial functions in the industrial commission, it is said to be the plan to turn the workmen's compensation fund over to a commission or industrial court and to transfer other administrative duties such as the department of workshops and factories and the department of mines to the department of labor and the movie censor board and like functions would be transferred to the department of public welfare.

Each department head would be given authority to appoint one or more public advisory boards to serve the purpose of drawing into the state service a number of public spirited citizens whose interests and co-operation in public undertakings may be effective employed. These boards would have no administrative duties and would report directly to the governor.

Dealing with educational institutions the recommendations provide that the state universities should be governed through a board of trustees, appointed by the governor. For the two normal schools there would be a single board of trustees. The department of public instruction would be ex-officio member of each of the three university boards, and of the normal school board.

Declaring that "in the interest of economy and efficiency the governor must assume responsibility for the administration of the state," the recommendations provide that the recommendations should carry out this responsibility through the department of finance. All expenditures and budget estimates will be administered through the department of finance. A monthly report of all state expenditures would be required. The legislative reorganization committee is to meet again next Wednesday afternoon with the governor, take dinner with him at the executive mansion in the evening and further consider the plan of reorganization.

SINN FEINER CLASH WITH POLICE; 6 KILLED

Skihbeen, County Cork, Ireland, Feb. 3.—Six members of a party said to number several hundred Sinn Feiners were killed and several others wounded in an attack last night upon a detachment of 15 police between Burgh and Rosaberry, according to reports from police sources reaching here this morning. The attacking party was beaten off after a fierce fight abandoning a quantity of ammunition. The police, the report declares suffered no casualties.

COPENHAGEN UNEMPLOYED ASK PARLIAMENT FOR WORK

Copenhagen, Feb. 3.—A procession of the unemployed, estimated at 48,000 carrying flags, left the city hall square here at one o'clock this afternoon, marching toward the parliament building and the king's palace, demanding work.

START WORK ON ARENA

New York, Feb. 3.—Work of constructing the open air arena for the proposed bout between Jack Dempsey and Jess Willard on Labor Day was started in a month, Reckard announced today. He said he had several sites near the city under consideration and would soon announce his selection. The arena will seat at least 50,000 persons and several important matches will be held in it before the Labor Day season.

REDS RIOT ON ANNIVERSARY OF LEADERS' DEATH

Bolshevik riot in full swing in streets of Berlin.

On the anniversary, recently, of the death of Rosa Luxemburg and Carl Liebknecht, German

Bolsheviks staged a monster demonstration in Berlin and other cities. In Berlin the demon-

stration became a riot and in a clash between the Red rioters and police several Reds were wounded.

14 NEW PRECINCTS ARE ESTABLISHED

Election Board Gives City Nine New Voting Districts and the County Five.

Licking county's 15 election precincts will be increased to 29 by action of the county election board taken at a meeting Tuesday night. Five new precincts were added in the county and four in the city, by the changes made and if court decisions approve of the annexation of territory east and west of the city, probably two more precincts will be added to the new number.

The additional precincts are made necessary by reason of the increased number of voters resulting from the extension of suffrage to women.

Changes in the county were:

As soon as annexation of territory east and west of the city is approved by the court it will bring two more precincts. During the last election the county had 45 precincts but five new ones have been added which make a total of 50.

In Etina township the precinct was divided. The division line for this precinct was the Pryor road about one-half mile west of Etina. The two precincts will be called, Etina East and Etina West. The new voting place will be at Wagman.

In Granville township, the precinct was divided into two, the dividing line being the Newark and Alexandria pike. These precincts will be called North and South. The new voting place will be in Granville.

In Granville village instead of two precincts there will be three. These will be called A, B and C instead of North and South precincts.

In Harrison township the line is moved to the Pennsylvania railroad. The voting place south of the railroad will be Kinkerville and north of the railroad Outville.

In Pataaskala village two precincts will be called North and South precinct. The boundary lines were arranged by the village council.

In Union township, instead of North and South precincts there will be North, Central and South.

Most of the precincts in the First ward will remain as they are and only three will have to be divided. Those three are:

Precinct D—Divided by Cedar street.

Precinct C—Divided by Dewey avenue.

Precinct A—Divided by the Pennsylvania railroad.

DAVIS THREATENS LOCAL OFFICERS

Declares State Officers Must See That Law is Enforced—Will Name Commissioner Promptly.

Columbus, Feb. 3.—Governor Davis announced today that he would sign the Miller prohibition enforcement bill passed in the house yesterday as soon as it reaches him, would appoint a prohibition commissioner as soon as a suitable candidate can be found and that he intends to remove from office local enforcement officers who do not enforce the provisions of the Crabbe act.

The governor said he was satisfied the Miller bill protects bona fide homes from search.

"The prohibition commissioner will be instructed to investigate conditions in Ohio forthwith, and to secure such evidence as he can regarding in the manufacture, sale and distribution of liquor."

Local enforcement officers will be expected to enforce the provisions of the Crabbe act, and those who are derelict in their duty will be removed from office. It is the duty of local officers to enforce the law and it will be the duty of state officers to see that the law is enforced.

The governor indicated that he would not authorize the maximum number of prohibition inspectors of 20 provided for in the bill.

BANK RESOURCES 1 1-2 BILLIONS

Ohio Bank Superintendent Says Record is Highest In State's History—New Man on Job.

Columbus, Feb. 3.—The state banking department will change hands tomorrow when H. E. Scott, Republican of Troy, will succeed Ira R. Pontius, Democrat of Upper Sandusky as state superintendent of banks. The senate late yesterday confirmed Mr. Scott's appointment.

Mr. Scott visited the office of the banking department today and announced the appointment of Howard M. Sims of Columbus, as assistant superintendent. Mr. Sims has been an examiner in the department for five years and will be stationed at Cleveland. He succeeds Arthur W. Pleister of Cardington, resigned.

Mr. Pontius last night issued a statement showing a summary of banking conditions of the state which he said showed resources of Ohio banks to be the greatest in history and that the state now ranks fifth among the various states in banking resources. Resources of the 707 banking institutions, his statement showed, totalled \$1,518,679,471, exceeding by more than \$231,000,000 the aggregate resources of these institutions at the corresponding time of the preceding year.

OHIO DAILIES OPPOSE

Columbus, Feb. 3.—Ohio daily newspaper publishers, members of the Associated Ohio Dailies, went on record against the 44-hour week at their annual meeting here last week.

ROUMANIAN PRINCE, NEW MINISTER TO U. S., ARRIVES; TELLS OF GRATITUDE OF COUNTRY

Prince Antoine Bibesco and wife, daughter of Herbert H. Asquith.

"No country knows better than Roumania what the United States did during the war," says Prince Antoine Bibesco of Roumania, who recently arrived in the U. S. to take his post in Washington as minister from his country. His wife, daughter of Herbert H. Asquith, British statesman, accompanied him. "The U. S. entered the war when Roumania was in her most critical stage," he adds. "Roumania feels particularly grateful to the U. S. because her territory has been doubled."

DAVIS THREATENS LOCAL OFFICERS

Declares State Officers Must See That Law is Enforced—Will Name Commissioner Promptly.

Columbus, Feb. 3.—Governor Davis announced today that he would sign the Miller prohibition enforcement bill passed in the house yesterday as soon as it reaches him, would appoint a prohibition commissioner as soon as a suitable candidate can be found and that he intends to remove from office local enforcement officers who do not enforce the provisions of the Crabbe act.

The governor said he was satisfied the Miller bill protects bona fide homes from search.

"The prohibition commissioner will be instructed to investigate conditions in Ohio forthwith, and to secure such evidence as he can regarding in the manufacture, sale and distribution of liquor."

Local enforcement officers will be expected to enforce the provisions of the Crabbe act, and those who are derelict in their duty will be removed from office. It is the duty of local officers to enforce the law and it will be the duty of state officers to see that the law is enforced.

The governor indicated that he would not authorize the maximum number of prohibition inspectors of 20 provided for in the bill.

GOVERNOR WILL FIGHT MOVE TO KILL PRIMARY

Columbus, Feb. 3.—Governor Davis today came out flatly against a movement on foot in the state among Republican politicians to abolish the direct primary and return to the old convention system.

In a statement issued at the governor's office today it was declared the governor would "fight all attempts to go back to the old order of political control of the nominating machinery."

"I am a thorough believer in party sponsorship and party responsibility," said the governor. "There should undoubtedly be some such sponsorship of the persons nominated for public office. But I am utterly out of sympathy with any policy that would in any way abridge the fundamental right of the people to choose their public officials."

JOHNNY SOLD DAD'S GROUNDHOGS TO HUNTERS

Monmouth, Kan., Feb. 3.—John Willheimer's experiment with the groundhog industry of ancient origin and annual discussion, ended in failure yesterday.

After standing in his observation tower near the hotel that he established for the ground hogs last fall, Mr. Willheimer received a visit from his fourteen-year-old son, John, Jr.

"I'm sorry dad, young Willheimer began. "I didn't mean to do anything wrong. But there won't be any ground hogs sticking their noses out of that den today."

"Last fall a bunch of fellows were out here from town hunting for possums, Sun Willis and I sacked those groundhogs and sold them for \$2 each as possums."

Willheimer reluctantly left his Lightning Creek observation tower. Later, at the town store, where he was the center of curious crowd of neighbors, he declared he would allow somebody else to solve the question.

COMBAT 44-HOUR WEEK

St. Louis, Mo., Feb. 3.—Employing commercial and job printers of the middle west met here today to discuss methods of combating the demand of union printers for a 44 instead of 48 hour working week. The movement for the shorter week began in the east, and printers have threatened to strike May 1, unless the demand was met, the employers explained.

PROTEST AGAINST SPEAKER

Cincinnati, Feb. 3.—(Hundreds of the most prominent women in this city have signed petitions protesting against the invitation extended to Oswald Garrison Villard, editor of the Nation and former editor of the New York Evening Post, to address a joint meeting of the city club and the Women's Club here.

SAYS RAILROADS SEEK TO WRECK LABOR UNIONS

No Economic Justification For General Reduction In Wages.

Hints That Railroad Bankers Also Seek to Crush Unions.

Chicago, Feb. 3.—Presentation of the railroad employees' views of the carriers' plea for immediate abrogation of national agreements was deferred when the federal railroad labor board met today. It has been announced that B. M. Jewell, acting president of the railway employees department of the American Federation of Labor would reply to the statement made Monday by Brigadier General A. W. Atterbury, on behalf of the Association of Railway Executives.

Employees representatives, however, asked the board for more time to prepare their statement and the hearing was advanced until next Monday morning.

Mr. Jewell has been in conference with labor leaders all week preparing a reply to Mr. Atterbury, which he expects to present before the board on Monday. E. F. Grable, head of the maintenance of way employees also is prepared to make a statement, he announced.

Chicago, Feb. 3.—Arguments against abrogation of the national wage agreements between the railroads and their employees already laid before President Wilson and members of congress by railroad brotherhood leaders, were presented today to the railroad labor board. Since the request of W. W. Atterbury of the Pennsylvania lines for relief from their agreements was laid before the board Monday, representatives of the employees have been preparing their rebuttal, which B. M. Jewell, president of the railway employees department of the American Federation of Labor was to represent.

Members of the board indicated that a decision may be reached in executive session Friday.

Mr. Atterbury declared the railroads need for economies, which, he said could not be put into effect, was so urgent that many of the roads faced bankruptcy and there was no time to confer with employees on the abrogation of the agreements.

"We are convinced," said a telegram to President Wilson signed by Mr. Jewell and six other organization leaders, "that the (Mr. Atterbury) wishes to take advantage of the temporary unemployment and the unfortunate economic condition of the railroad workers, which the railroads themselves have intensified, to crush our labor organization."

We shall show that there is no economic justification for wage reductions and that a reduction in the general cost of living is not dependent upon a reduction in our wages and that of other workers.

"There is no doubt that the temporary requirements of the railroads could be financed by the railroad bankers if they were as much interested in the maintenance of railroad credit as some of them are. The railroads are labor organizations and reducing wages. If the public expect us to maintain the spirited letter of the law and to rely upon judicial settlement of differences in an orderly way, we must be protected against the ill advised efforts of Mr. Atterbury and his associates who are violating the procedure established by law and because of an absurd and impossible obsession for destroying labor organizations are resorting to methods which are indefensible and opposed to the public interest."

At the same time Mr. Atterbury supplemented his statement before the labor board Monday by a message to President Wilson showing the increase in number of employees and in payrolls during the period of government control.

In the year 1917, Mr. Atterbury's message said "before government operation was adopted, the railroads employed 302,828 mechanics, boiler-makers, blacksmiths, electricians, air-brake men, car inspectors, car repairers, other skilled shop employees and machinists helpers and apprentices. In 1920, when the number of locomotives and cars to be maintained was only slightly larger than in 1917, they had 443,774, an increase of 150,945, or 47c percent. The total wages paid to these employees in 1917 was \$17,879,549, while in 1920, after the advance in wages granted by the railroad labor board last July, their wage were running at the rate of approximately \$390,000,000 a year, an increase of 180 percent over 1917."

"Another class of employees included in one of the national agreements is the clerks. In 1917 the railroads employed 184,063 clerks, while in 1920, when business was normal, they were employing 238,693 clerks, an increase of 29 percent. The total wages paid to clerks in 1917 was \$39,000,506. After the wage award made by the railroad labor board the wages of the clerks were running, as near as can be estimated at the rate of \$399,300,000 a year, an increase of 112 percent."

WANT MORE LIGHTS TO STOP PARK SPJONING

Boston, Feb. 3.—A request for \$25,000 for lighting equipment to put a check to flitting in the parks and reservations under control of the Massachusetts Metropolitan district commission was presented to the legislature today. Shadowy dens, are being turned into places of resort for the purpose of proper lighting facilities, the commission reports and urges that the appropriation be used to brighten up the nooks and corners.

BUSINESS BLACK BURN

Canton, Feb. 3.—Fire of unknown origin late last night destroyed a large two-story business block owned by Frank Lupton at 801 12 on the Lexington road, a dwelling located in rear, a private garage and other damaged two other dwellings. Losses either side of the block, was estimated at \$100,000. The cause of the fire and the names of the owners are being sought.

TEACHERS' RECRUITING COMMITTEE IS NAMED

Columbus, Feb. 3.—One third of the rural school teachers of Franklin county are not good enough to be retained and more than one fourth of the one room school houses should be wrecked or used to store farm machinery, according to Professor J. C. Landis, high school inspector for the state department of public instruction who has just completed a survey of the county.

"Rural schools of the county are only about half as good as they should be when one considers the wealth of the county," the report said. High schools and village schools are good but the rural schools are marked by a great deal of waste and inefficiency.

Because they are so scattered. Abandonment of the one room schools and the construction of centralized schools will solve the county's problems.

Twenty-two of one-half per cent of the rural school teachers have not completed standard four year high school courses, while 81.2 per cent of the teachers in rural villages have not the minimum requirements fixed by law, according to Mr. Landis's report.

He said he observed closely 44 teachers and classified them according to their education or lack of it into five groups: A, B, C, D and E. Those in the D and E groups were those designated as not good enough to be retained. Five of the 44 were put in the A group, seven in the B group, 16 in the C group, nine in the D group and seven in the E group. Only three out of 44 were said to be modern.

Some of the others were in such condition the report said that Mr. Landis was surprised that the parents of children attending them did not object to their surroundings.

CLOSE SCHOOLS AND MOVIES NEAR XENIA

Xenia, Feb. 3.—All motion picture shows and schools have been ordered closed in Jamestown near here, by order of County Health Commissioner R. H. Cope in an effort to break up a epidemic of smallpox that has broken out in the town. Many families have been placed under quarantine.

LEGION TO AID UNEMPLOYED.
Columbus, Feb. 3.—The Franklin County Council of the American Legion soon will establish a regular employment office to obtain work for unemployed former service men in the city, estimated at 2,000. The idea of the employment bureau originated with Harold M. Bush chairman and other council officials.

USES LOTS OF WIRE.
Columbus, Feb. 3.—Columbus has 2 1/2 miles of overhead wire and 14 1/2 miles of underground cable in use in the city and police department according to the annual report of C. F. Clay in charge of the work. The underground system should be extended the report said.

Absentees are of mixed Semitic and Hindu descent.

HARDING IS SUPPOSED TO BE FISHING, BUT HE CAN'T IGNORE THESE LINKS

Left to right: President-elect Harding, Senator Frelinghuysen, Mr. Fletcher and Dr. Ely on the links at St. Augustine.

President-elect Harding's vacation on Indian river, near St. Augustine, Florida, was to be devoted mainly to fishing, but this photograph shows him with several of the members of his party on the golf links. Much as Harding likes to fish, he could not resist the lure of such links. With him in the picture are Senator Frelinghuysen, Mr. Fletcher, who was ambassador to Mexico, and Dr. Ely.

DISCUSS TEACHERS' TRAINING.
Columbus, Feb. 3.—Heads of the commercial departments of the leading high schools of the state will gather February 11 to confer with Dean A. W. of the College of Education of Ohio State University, and other educators as to what constitutes a good course for the training of teachers for commercial work. The meeting will be held in the office of Vernon M. Riegel, state superintendent of public instruction.

MILK PRICE CUT.
Xenia, Feb. 3.—Local milk dealers have announced a cut of one cent per quart in the price of milk. General business conditions and the fact that producers have lowered prices were given as reasons for the action.

STOMACH GAVE HER YEARS OF TORTURE

Could hardly stand on her feet. Eats anything now.

"For years I suffered with stomach trouble in its worst form. It was so bad at times I could hardly stand on my feet. I lost my appetite and what little I did eat formed gas in my stomach so bad that it bloated me all up, and caused me to suffer with shortness of breath and pains around my heart. I was completely worn out and felt bad all the time."

"I saw Milks Emulsion advertised in the daily papers and decided to try it, and I want to tell you I commenced to improve before I finished the first bottle. My appetite has returned and I can now eat anything without any trouble afterwards. My stomach trouble has entirely disappeared and I sleep like a log every night. In fact I feel as well as I ever did."—Mrs. O. J. Zecba, 535 Charles St., St. Paul, Minn.

The blessed relief which Milks Emulsion gives in stomach trouble, is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Sold by W. A. Erman, Evans Drug Store and All first Class Druggists

THE RANGE BEAUTIFUL

The strikingly beautiful outlines of the Copper-Clad Range stops every woman. As she looks and admires she finds that it is true beauty—the beauty of simple design and perfect proportions. The finish—the thoroughness of the Range World.

Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors yet not a hinge in sight—not a catch, not hook nor latch. Built like fine automobiles, the hinges are all inside.

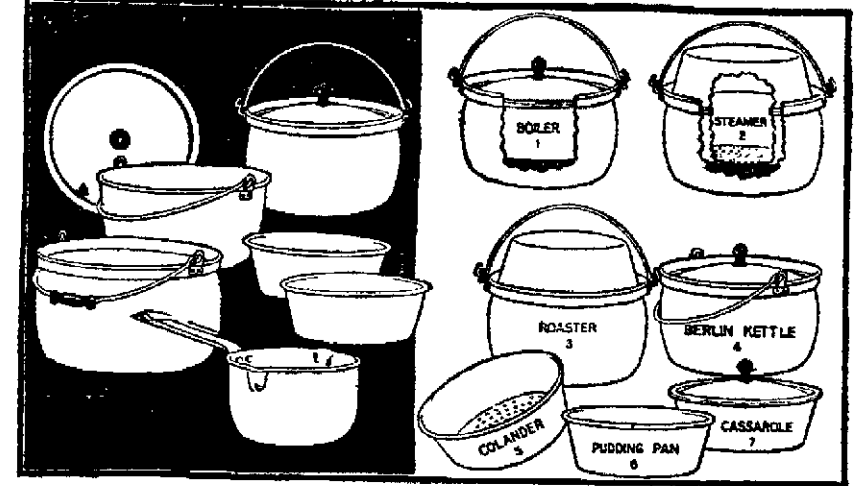

"COPPER-CLAD" MEANS

Pure Sheet Copper is placed BETWEEN the sweaty asbestos and range body. To place it elsewhere would be like climbing on top of a roof to get out of the wet.

SET OF ELEGANT This Aluminum Ware Free

IF YOU BUY A COPPER-CLAD RANGE NEXT WEEK

"Free" means that this wear does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

Free to every Copper-Clad buyer during this sale. Come—See the Asbestos Sweat.

COPPER-CLAD WEEK

FOR ONE WEEK ONLY

FEBRUARY 7TH To 12TH

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos Sweat.

If it takes any piece of Asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your fingers.

Every good range must be lined with asbestos to cage and hold the heat around the oven and keep down fuel cost. Every time the range cools off, the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture is driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust runs thousands and thousands of otherwise good ranges every year. When the body is gone, the range is done for.

THE COPPER-CLAD IDEA IS "PURE SHEET COPPER BETWEEN THE ASBESTOS AND RANGE BODY"

Copper never rusts. It may tarnish but it will last centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad" can't rust out, we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to skin your hands. The Copper-Clad wipes clean like a dish.

If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

GREEK PRINCES AND PRINCESSES WILL WED SOON

Dads Say They Had Nothing to Do With Engagements — Discusses Near East Questions.

Athens, Tuesday, Feb. 1.—Direct negotiations for the settlement of near eastern problems between the Greek and Turkish nationalists are impossible said King Constantine today. He indicated that he was not adverse to conversations between Greek representatives and delegates chosen by the Sultan's government, if such procedure was dictated by the interests of Greece. Whether this attitude on the part of the Greek king would have any bearing on the near east conference to be held in London late this month was not disclosed by Constantine, but he made it evident his government would refuse to recognize Mustapha Kemal Pasha, head of the Turkish Nationalists or his delegates. Constantine declared he would make no overtures to former Premier Venizelos, who is at present in France, stating M. Venizelos must take the initiative.

Constantine said he had no information that the United States would recognize him, but added he was naturally hopeful such action would be taken.

"The king compared the attitude of allied ministers here to people who attend the opera. They seemed satisfied to look at me only through magnifying glasses," he declared, "I don't care a straw about them. They have shown utter lack of courtesy and propriety, even at funeral ceremonies we have attended. They are wearing blinkers like horses, and do not want to see either me or passing events in this country."

The king stated that Prince George of Greece and Princess Elizabeth of Rumania would be married at Bucharest on February 27, and that Princess Helene of Greece and Prince Carol of Rumania would be married in this city 10 days later.

ONLY WHOLESALE MAY GET WITHDRAWAL PERMITS

Washington, Feb. 3.—The authority of the government to issue permits for the withdrawal of liquor from bonded warehouses is limited to manufacturers and wholesale druggists, Attorney General Palmer rules in an opinion made public yesterday by Commissioner of Internal Revenue Williams. Issuing of permits for the disposal of liquor by wholesale also is limited to manufacturers and wholesale druggists, the attorney general ruled.

WOULD ELIMINATE EXTRA CHURCHES IN COUNTRY

Columbus, Feb. 3.—Definite plans for the elimination of superfluous churches and the strengthening of others in the rural district of Ohio resulted from the two-story conference of state denominational leaders which closed Tuesday night, according to an announcement today at the office of the Ohio Federation of Churches.

Resolutions adopted provide "where two or more denominations occupy one small county, no one of which has a resident minister, steps should be taken jointly by the leaders of these denominations to secure adequate resident pastoral leadership for the community."

A parsonage and an automobile for the minister and church buildings adequate to meet as well as purely religious meetings of the community also were advocated.

OHIO IS FIFTH

Cleveland, Feb. 3.—Ohio is the fifth largest electrical state in the Union, based on the number of electricity users in the population of each state, says a bulletin issued by the Ohio Committee on Public Utility Information. The General Electric Company has just completed a survey and from data has drawn up an electrical map of the country, the bulletin said. The map shows Ohio has an electrical population defined as the total population served by the central power stations of 3,550,000.

5TH DIST. ROTES
MEET APRIL 11

Annual Conference Will Be Held at Atlantic City When International President Will Deliver an Address.

Atlantic City, N. J., Feb. 3.—Rotarians of this city are in full swing of preparation for entertainment of the 44 other Rotarian clubs of the Fifth District at the annual conference to be held here on April 11 and 12, and to be presided over by District Governor John P. Rudisill, of York, Pa. Estes Schneider, of Portland, Oregon, president of the International Association of Rotarian clubs, who was elected at the convention here last June will return to address his colleagues on problems confronting the organization in this period of world reconstruction, and to tell of the plans for the big International gathering in Edinburgh, Scotland, next June. Mr. Schneider is a lawyer.

Vernon Hall, new convention hall fronting upon the Boardwalk at the ocean end of North Carolina avenue, and opposite the steel pier, scene of last summer's convention, has been selected as the fifth district conference meeting place. The business sessions and addresses will be held there. Social functions will take place on the ocean pier within one block either way of the assembly hall.

The fifth district "hut" a feature of the 1920 convention, will be established again in the middle ball room of the Steel Pier. It is to be the meeting place of Rotarians from this, and other districts who are here at that time. Besides an informal entertainment will be given there throughout the two days. The "hut" is a district proposition and will be under direction of Rotarians from Pennsylvania, New Jersey, Delaware, Maryland and the District of Columbia.

Governor Rudisill has appointed the following chairman as the conference program committee: James Rudisill, York, Pa., chairman; Edward L. Stock, Washington, D. C.; George Neitsche, University of Pennsylvania, Philadelphia, Pa.; Marshall F. Wilkinson, Reading, Pa.; and Dr. James P. Leque, of this city, one of the founders and a past president of the Atlantic City Rotary club. That committee will meet here in a few days to prepare the business and social program for the big gathering. Hospitality is being shown in the hands of the board of directors of the local club, and social committees embracing the whole membership, headed by President Charles L. Evans. An attendance of fully 2,500 is expected. The visitors will be quartered in the beachfront hotels. Conference headquarters have been established at 1725-30 Atlantic avenue, this city, with Harry F. Ewan, conference secretary, in charge.

CHU CHIN CHOW WILL
NOT COME THIS YEAR

The management of the "Chu Chin Chow" show has notified Manager Evans here this season. It has been offered for next year, but Manager Evans declines to play it at that time.

Cincinnati, Feb. 3.—Michael Mullen, who represented his ward in city council for 32 years, died of pneumonia yesterday. He was 64 years old.

Says His Prescription
Has Powerful Influence
Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times the terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Evans' Cut Rate drug store has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

DRECO HAS MADE
BIG CHANGE IN ME

Newark man relieved of backache, stomach trouble, biliousness and gastritis. Now has good appetite and sleeps fine.

When the stomach fails to do its work, owing to any cause whatever, the food which we eat fails to digest properly and the system is at once deranged. The nourishment which is so essential to upbuilding the body and restoring the tissues which are being used up every minute of our lives. In this condition no man suffers in peace. He is constantly in a state of physical distress, though in midst of plenty, and the system being weakened because of too little nourishment absorbed into the blood breaks down in first one place and then another.

"My stomach has been in such bad condition even the smell of food nauseated me. My liver was lazy, allowing the excess bile to go through the system, instead of throwing it off, which made my head swim and felt like I was going to vomit over, said Mr. George L. Allen, who lives on Route No. 2, Cranville, O. My bowels were clogged up and I had to be continually taking something to move them. "Although I've only taken a bottle of Dreco so far, it has made a big change in me. I'm always hungry and enjoy every mouthful I eat and nothing seems to hurt me. My bowels move daily, have no more dizzy spells and am better in every way but I'm going to keep on taking it until I'm entirely well."

Dreco is being specifically introduced by Evans' Cut Rate Drug Store in Newark, Ohio, and sold by all druggists.

KEEP TONSILS CLEAN

Avoid Colds, Catarrh, Sore Throat by Using Mucol.

The tonsils should be cleaned each day, says authority. Infected tonsils cause mouth breathing, enlarged neck glands, frequent sore throats and tonsillitis, bad breath and oftentimes deafness.

Excellent results have been obtained from the use of Mucol, a pleasant concentrated economical antiseptic from which warm solutions can be made and used at body temperature.

Get a bottle today. Keep it handy. Remember the name, Mucol. T. J. Evans, All good druggists can supply you.

LICKING FARMERS
TO CUT ACREAGE
TO LOWER COSTS

Answers to Questionnaires
Say Cost of Help Is
Too High.

Ohio Farmers Wrought Up
Because Farm Products
Are Down.

Columbus, Feb. 3.—Farmers in every section of Ohio, angered at the continuing high prices of many of their products, while the things they produce have been dropped to low price levels, will seriously curtail production next summer, if they follow plans set out in questionnaires received recently by W. F. Callender, federal crop reporter, from his correspondents.

Expressions from farmers as reported by the correspondents in many counties of the state relative to the decline in farm product prices follow:

District No. 1, consisting of Allen, Delaware, Fulton, Hancock, Henry, Lucas, Paulding, Putnam, Van Wert, Williams and Wood counties:

"Wheat sowing, 80 per cent of normal. Few want to rent ground for spring crops on account of cheap grain. There will be a much smaller crop this year. Unless there is a change in ratio between prices farmers receive and the prices they pay, they are going to work just enough to pay expenses and let things adjust themselves. Farmers cannot pay the wages demanded. Never saw so much unrest among farmers."

District No. 2, Ashland, Crawford, Erie, Huron, Lorain, Ottawa, Richland, Sandusky, Seneca and Wyandot counties:

"Farmers undecided as to the best thing to do. Perhaps the majority will follow along old lines until normalcy again appears. Others are cutting down on wheat and oats, and substituting forage crops. If prices of fertilizer, farm machinery, wearing apparel of all kinds are not reduced to

correspond to prices farmers receive many will raise just what they can use, letting the other fellow take care of himself. Agriculture has few incentives left."

District No. 3, Ashtabula, Columbiana, Cuyahoga, Geauga, Lake, Lorain, Medina, Portage, Stark, Summit, Trumbull and Wayne counties:

"Agriculture is declining in this district because of high cost of help and materials, and low prices received for crops. Farmers should curtail production at least 30 per cent. Unless labor prices are lower, there will be less acreage in all crops. We have no market for wool, yet we pay \$50 to \$100 for a suit of shoddy clothing."

District No. 4, Auglaize, Champagn, Clarke, Darke, Hardin, Logan, Mercer, Miami, and Shelby counties:

"Farmers are up in the air. They are going to cut production because they have been producing at a loss. Help is too high in price."

District No. 5, Delaware, Fairfield, Fayette, Franklin, Knox, Licking, Madison, Marion, Morrow, Pickaway, Ross and Union counties:

"Help is too high for the farmer to hire and have anything for himself. Farmers will curtail acreage enough to raise crops without having to hire help. Taxes are very high with little prospect of lowering. There will not be the acreage of corn planted this year as there was last. The farmer is cutting down acreage wherever possible in order to meet the help problem."

District No. 6, Belmont, Carroll, Coshocton, Harrison, Holmes, Jefferson and Tuscarawas counties:

"There is a decided tendency to curtail acreage, owing to labor conditions. There appears to be plenty of labor, but men flatly refuse to work on farms. Farmers are discouraged. Some of them, especially young men, are going to mines or railroads to work

at from \$4 to \$7 a day. The future of agriculture promises nothing. Few farmers 'broke even' this year."

District No. 7, Butler, Clermont, Clinton, Greene, Hamilton, Montgomery, Preble and Warren counties:

"Labor more plentiful than it has been in years. Farmers not hiring, as they are afraid of prices. Much land will remain idle, owing to low prices of products and high prices of labor."

District No. 8, Adams, Brown, Gallia, Highland, Jackson, Lawrence, Pike and Scioto counties:

"The slaps in the face the farmer got only spurred him to more determined activity. The farmer always is ready to respond to every call. Just as he got his fine crop ready for market, after meeting higher costs in everything, and working 16 hours a day, he got sleepless nights, backaches and a black eye for his toll. After his interest, taxes and other expenses are paid, he has not enough left to take his county paper. He must drink pond water, go naked and be content to read last year's almanac. It is enough to make angels weep."

District No. 9, Athens, Guernsey, Hocking, Meigs, Monroe, Morgan, Muskingum, Noble, Perry, Vinton and Washington counties:

"While some farmers in this district predict an average acreage for this year, many are pessimistic. There is a great tendency to curtail production. Farmers in Guernsey county are discouraged about sheep and taxes and are turning to forage crops for salvation."

WILL BOOST GAS RATE.

Xenia, Feb. 3.—Xenia's gas rate soon will be 45 cents per thousand feet, instead of 40, it is predicted. City commissioners will grant the five-cent increase asked for, it is said, as there has been little protest against it by residents.

Splicing Wire Rope

(National Crop Improvement Service.)

THE life of a wire cable can be greatly increased by intelligent splicing.

The tools required are a small matting spike, nipping cutters and clamps or a small hemp rope sling to be used to untwist the strands. The work can be done best at a bench vice. An allowance of not less than sixteen feet for one-eighth inch rope, and proportionately longer for larger sizes, must be added to the length of an endless rope in ordering.

Every farm bureau ought to have a splicing school both for hemp and wire rope, and every boy, and every man too, should know how to make a good job. Directions for splicing wire rope in detail with diagram illustrations may be had from the manufacturers.

A rope properly spliced will be nearly as strong as the original rope and smooth everywhere.

After running a few days the splice, if well made, cannot be located except by close examination.

If, on the other hand, proper splices are not made the usefulness and life of the rope is very much shortened.

OHIO GAME PROTECTOR GETS COMMENDATION

Columbus, Feb. 3.—Commendation of the Ohio system of fish and game conservation, re-stocking and propagation as well as the work of the protector system was given by representatives of other states at the recent conference of fish and game chiefs of the country at New York, according to A. C. Baxter, chief of the Ohio bureau, and Jas. W. Stuber, assistant, who have returned after representing the state.

Copies of a paper on "Organization and Conservation," prepared and read by Mr. Stuber, were requested by officials of more than 20 states and Canada, Baxter said. The paper treated the game law administration and conservation in Ohio.

Important measures to which the support of Ohio was pledged at the meeting were: Creation of a department

of conservation of game and natural resources within the federal government, with a secretary in the president's cabinet; federal legislation to establish free shooting grounds and bird refuges in the United States; extension of the migratory bird treaty act to Mexico and Central American countries.

Those measures also were backed and introduced by the American Game Protective Association, with headquarters in New York. Baxter said, and whose advisory board contains the following names: John B. Burnham, Major General Leonard Wood, Major General Hugh L. Scott, George Bird Grinnell, George Shiras III, and others.

NEWARK PLEASSED BY QUICK RESULTS

Everyone is pleased with the quick results of simple witchhazel, camphor, hyalastin, etc., as mixed in Lavopuk eye wash. One man's eyes were so badly strained he could not read without pain. Two applications relieved him. A lady with weak, inflamed eyes was greatly helped by ONE bottle. We guarantee a small bottle of Lavopuk to help ANY CASE of weak-strained or "burned" eyes. B. P. Collins—Adv.

Ohio Woman's Testimony

Ashtabula, Ohio.—"I can say that I have taken Dr. Pierce's Anuric Tablets with good results. I was troubled with backache but since taking Anuric (antiuric acid) I have been well, and would recommend this remedy to anyone troubled with kidney trouble or severe backaches. I am now healthy and it has been a long time since I have had to use any medicine."—MRS. I. H. JOHNSON, 18 Church St.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c for a trial pkg.

Master That COLD

A Cold Today Pneumonia Tomorrow

That often results. Don't take a chance. A slight cold may develop into a fatal ailment. Guard against it, — use TURPO, the new, distilled turpentine ointment, nature's own remedy for colds. TURPO works quickly, — positively, — colds disappear as if by magic. Does not blister or burn. Also great for relieving croup, sore-throat, headaches, neuralgia, lumbago and catarrh. Every druggist sells TURPO on the basis of satisfaction or money back. 30c and 60c. Sample free on request.

TURPO
THE TURPENTINE OINTMENT

SO WEAK
SO NERVOUS

How Miserable This Woman Was
Until She Took Lydia E. Pinkham's Vegetable Compound

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C. F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous despondency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter clearly shows that no other remedy is so successful in overcoming this condition as Lydia E. Pinkham's Vegetable Compound.

The Tell Tale
of Gray Hair

To be judged ten years older than you actually are, is the tell-tale of gray, streaked hair, which detracts from a youthful appearance as much as a wrinkled face does.

Women, everywhere, prefer the easy, harmless "Browntone" method that tints gray, streaked, faded

or bleached hair, instantly, to any shade of brown or black. Without injury to hair or scalp, "Browntone" imparts natural, lasting colors that defy detection. Does not rub or wash off, and requires just a few minutes for monthly application. Guaranteed absolutely harmless. Druggists everywhere sell and recommend "Browntone," two sizes—50c and \$1.50 with easy, complete directions. Two colors—shading from "Golden to Medium Brown" and "Dark Brown to Black."

Special Free Trial Offer

For a free trial bottle of "Browntone" send to The Kenton Pharmaceutical Co., 609 Cornhill Bldg., Covington, Ky., enclosing 10c in pay postage, packing and war tax.

NOTICE TO THE PUBLIC
With reference to ordinance No. 3173
passed by the City Council of Newark,
N. J., January 3, 1921, and approved by
the Mayor of Newark, O. January 4,
1921, this ordinance entitles the Ohio
Electric Railway Company an increase
in fares as follows:
For single fare within the Corporation
Six (6) cents. For nine (9) tickets,
each good for a single fare, Fifty (50)
cents, and transfers shall be given
when requested on cash fares and all
tickets to any City Lines operated by
the Ohio Electric Railway Company
within the Corporation.
This increase February 4, 1921. The
old six (6) tickets for twenty-five (25)
cents will not be accepted for trans-
portation after February 3, 1921.
Patrons holding this class of trans-
portation can return them to the local
ticket office where they will be re-
deemed.

MUTT AND JEFF—What's So Rare As a Hundred Per Cent, Friend?

**INFLUENZA, COLDS, SORE
THROAT, CHEST PAINS**

20th Century Liniment Contains Lots
of Camphor, Menthol and Iodine—
Things That the Doctors Will
Tell You are Best of All.

No need to get excited when you
catch cold and have symptoms of influ-
enza—cold on chest with sore throat
and perhaps a little fever. Take things
easy. At once take something for your
bowels, that's the first thing; and rub
20th Century Liniment freely over the
throat, chest and back. It is very pen-
etrating and you'll at once feel great
relief.
Afterwards procure a jug of boiling
water and on top of this pour one or
two teaspoonfuls of the liniment and
inhale the steaming incense. There's
nothing better for colds and sore
throat. The iodine and camphor con-
tained in the liniment are given off in
the form of vapor and doctors will tell
you that these preparations cannot be
surpassed for their antiseptic and
germicidal properties.
Thousands of people use 20th Cen-
tury Liniment for Sore Throat and
Chest Colds, Coughs, Pleurisy and
Bronchitis.
All druggists can supply you. You are
sure to get it at Evan's drug store.

**SPECIAL PRICES ON TALK-
ING MACHINES.**

One for \$35.00.
Two for \$65.00.
One for \$75.00.
Also a good used Piano

this morning. Mrs. Cook formerly was
Miss Clotilde Howard.

PADEREWSKI STARTS FOR U. S.
Paris, Feb. 3.—Former Premier Pad-
erewski of Poland, will start Saturday
for his visit to America. He will sail on
the steamer 'France' from Havre for
New York.

**MUSIC WAS FEATURE
OF REVIVAL SERVICE**

Last night was the biggest night
of the West Side revival. E. W. Thon-
ton was very zealous in his appeals and
earnest in his arguments on the sub-
ject announced, "Did Jesus Ever Live?"
The attendance last night was the
largest of the week but it is expected
that tonight there will be only standing
at the time for the beginning of
the service. Miss Junia Sells delighted
the audience last night with a beau-
tiful and unique piano number. Mr. Ken
dall sang a solo, "In the Garden," a
favorite of all church-going people.
The travogue was of Jerico and the
Jordan.
The scenes tonight will be the trip
Mr. Kendall took on horse back up the
country where there are no roads and
only sheep paths in some instances.
Views of parts of the country that are
famous in the Old Testament history
as well as New Testament will be
shown. These scenes will continue for
several nights providing that the meet-
ings continue over next Sunday, which
in all probability they will.

**LION'S CLUB DINNER
HAS WOMEN AS GUESTS**

The members of the Lions club en-
tertained the women with the first
opening meeting at the club at the
Masonic Temple Wednesday evening.
Baskets filled with flowers center-
ed the table and the favors for the
women were also flowers.
A four piece orchestra under the di-
rection of Ralph Allen furnished the
music, and vocal numbers were given
by Mrs. Fred Younce and Mrs. A. H.
Levine. A clever dancing and singing
specialty was given by little Miss
Maxine Henry, and Dr. Prior, gave his
talk on his trip through Yellowstone
park, illustrating it with slides show-
ing the different places visited.

**ZANESVILLE PASTOR TO
ADDRESS C. E. DINERS**

The devotional part of the weeks ob-
servance of Christian Endeavor week
celebrating the 40th anniversary of the
society, was held Wednesday evening
at the Central Church of Christ in con-
nection with the regular prayer meet-
ing.
Tonight the annual Christian En-
deavor banquet will be held at the
church at 6:30 o'clock. There will be a
program of music after and Rev. Hugh
Wayt of Zanesville will deliver an ad-
dress on "Forty Years of Christian En-
deavor." Miss Marie Baird will give a
reading of Kiklings "If."
The weeks services will close Satur-
day with the Junior Rally at 2:30 in
the afternoon.

**LEONARDS WIN TITLE
TO LICKING OIL LEASE**

In common pleas court in the case
of Rebecca Wickham and the Leonard
Oil and Gas company vs. the Emerald
Petroleum company, a suit brought to
quiet title to oil territory in this county
Judge Fulton announced a decision
quieting the title in the Leonard Oil &
Gas company.
The defendant is found
to have no interest in the premises
and no lease. Exceptions were noted
and bond for appeal fixed at \$500.
Among the allegations made by the
Emerald company in filing the suit was
one which said the Leonard lease had
been fraudulently secured. By the
court's decision, this and other charges
were held to be untrue.

**SINGLE LETTER CHANGES
MEANING OF SENTENCE**

Through a typographical error in the
Advocate's account of the case in Juve-
nile court Wednesday against Leatha
Haynes, charged with shooting her
stepmother, it appeared the girl might
be guilty of the crime. As this was
not the opinion of the officials and
not the idea the account intended to
convey, the Advocate greatly regrets
the error.
The sentence telling of the result in
the court should have read "the case
still appears clouded in mystery and
officials are not certain that the girl
fired the shot." Through an error the
account made the "not" read "now"
and made it appear "and officials are
now certain the girl fired the shot."

LOOK.
John E. Quick of Athens was a
week-end guest of his parents.
Mr. and Mrs. W. D. Stoughton of
Newark were over Sunday guests of
Mr. and Mrs. Ralph Shuff.

HEATH TO PLAY HEBRON.

The Heath basketball five will play
the Hebron team Saturday night at
8:30 o'clock. There will be a good pre-
liminary game in addition.
The Heath boys defeated Thornville
last Saturday night in a very fast game.

The result was a challenge from Hebron
American Legion team which is accep-
ted. Game will be played in Halsey Hall.

The man who is quick to grasp an
opportunity may be rewarded with a
thorn in the flesh.

SIGNS OF SPRING.

Boston-Bostonians are wondering
whether this is really winter or not.
The Hub, usually cold in January, is
witnessing the blooming of pansies and
dandelions on ground which a few days
ago was covered by a slight snow.

Wider Distribution of Property Ownership

Wider, more general distribution of property ownership, most authorities agree, is essential to the peace and welfare of mankind.
Many plans to accomplish this have been advanced, but most of them do not provide for the use of the tools already at hand for this purpose, but contemplate building a whole new mechanism.
The corporation, or company, with its shares of stock was created for exactly this purpose—to divide among many people the ownership of property.
Let us tell you now we are trying to accomplish this end in connection with a 7% Preferred Stock.

DEBATING TEAMS WORKING HARD

High School Pupils Work Earnestly to Win When Triple Tie Is Broken With This Year's Debate.

The work on the triangular debate by the Newark high school teams is coming on in excellent shape. The two teams which were chosen the last of November have been working doubly hard since the semester examinations and have accomplished a lot. The question for the debate this year is "Resolved: that the State of Ohio should adopt a system of compulsory settlement of industrial disputes, constitutionality conceded."

Both of the teams have done extensive reading on both sides of the question to know every detail of Argument. Miss Jones of the faculty who is coaching the team this year has been directing the work of the debaters toward briefs in the last two weeks after which work on the constructive speeches will be started. The teams intend to spend much time on rebuttal, however, that work will not be taken up until later.

The teams have already held one debate in chapel on the practicability of the question. No decision was rendered as the debate was merely for practice in refutation. This was carried out by the boys of the teams. The girls of the teams will debate in the chapel at some future time.

The affirmative team which will debate the negative team from Zanesville at Newark on March 18, consists of Helen Frednour captain and alternate, Emelyn Close, John Upham and Nick Symons. The negative team which will debate Mr. Vernon's affirmative team at Mt. Vernon on the same night consists of Hunter Kellenberger, Captain, Helen Ranney, Eleanor Hubbard, alternate, and Floyd Lyman. At the same time that these debates are going on Mt. Vernon's negative team will be debating Zanesville's affirmative team at Zanesville.

A great deal of interest has been aroused in the "enthusiasm department" of the debate. The Civic society has taken up the work of collecting songs and yells and is progressing in this work rapidly. The society issued a call to the students of the high school to write words to popular songs for the debate, with the result that quite a number of songs have been received. These songs will be mimeographed so that every student of the high school can have one. The songs and yells will be practiced in chapel. A new feature of the debate this year will be girl song leaders. There will be two of these girls, one to stay in Newark and one to go to Mt. Vernon. There will be boy cheer leaders as usual. It is probable that the practicing on these songs and yells will be begun soon.

The triangular debates were begun in 1909 when at the suggestion of Newark high the Central Ohio Debating league or the Triangular Debating league was formed with Newark, Mt. Vernon and Zanesville high schools as members. The first debate resulted in two victories for Newark as it did the second year. The other schools gradually caught up however until by the results last year it became a triple tie among the three schools. The fact that there is a triple tie has served to make the debate this year doubly interesting. All three schools are working with unusual energy in order to break the tie in a way favorable to themselves. Unusual interest is being shown in the triangular debate this year and it should be one of the most successful in years.

BOWLING

B. & O. No. 1 won three straight from the Wehrle Office in the Industrial league last night. The last game was doubtful even after the game was over, but the B. & O. boys finally won by two pins. Pratt had high score and Carson high total.

WANT SCHOOL NURSE AND DENTAL CLINICS

Dental clinics where public school pupils whose parents can't afford to pay for care of the teeth, and the need and value of a visiting nurse in the schools were suggested in the round-table discussion at the meeting of the Hudson unit of the Parent-Teachers association, Wednesday afternoon. The largest attendance yet recorded answered to roll call.

Mrs. Homer Davis outlined the results of medical and dental inspection of school children made recently for the benefit of parents who have not attended previous meetings.

Mothers at the meeting were surprised to learn of the large number of children who come to school without eating any breakfast, most of them because they want nothing to eat until noon. This condition was regarded as unnatural and it was thought the advice of an experienced nurse on the subject of proper diet for children would be of benefit. As part of the program Miss Palmer's school of beginners gave a demonstration in reading. Miss Stadden's room won the attendance banner.

BEECH WOODS.

Mr. and Mrs. Carl Gordon of Oakthorpe spent Sunday with Will H. Gordon and family.

Edgar Perry and family were the guests of Mr. and Mrs. J. O. Ridenour Friday evening.
L. Myers was a Lancaster visitor Thursday.
Mr. and Mrs. Lloyd Winegartner

were the guests of Miss Lizzie Winegartner and mother Sunday.
Mrs. Murry Tabler was a Newark visitor Monday.
S. E. Palmer and son Willard were visitors in Pleasantville Thursday.
Mrs. Eliza Drum has been sick the past week.

Roy Foster of near Somerset visited, his mother Mrs. Hester Foster Thursday.

Mr. and Mrs. Ervin Miller were visitors in Pleasantville Monday.

Mr. and Mrs. Edgar Drum announce the birth of a daughter.

Mr. and Mrs. Ray Snider are the parents of a daughter.

Mr. and Mrs. Ervin Miller were Lancaster visitors Saturday.

Mr. and Mrs. Clifford Hanby announce the birth of a daughter.

Announcement is made by Mr. and Mrs. Carl Courson of the birth of a son Lewis Edmund.

MILLERSBURG TEAM TO PLAY HERE FRIDAY

Newark high school basket ball team has secured a game with Millersburg high school to be played here Friday night. After its defeat at the hands of Zanesville last week the Newark team will work doubly hard to win the game this week. Millersburg high has a good team and should give the locals a good game.

Preceding the game with Millersburg the second team will play Kirkersville first team. The Kirkersville team has had a good season so far this year and there is no reason why the same should not be an interesting one in every respect.

HIGH FOOTBALLER GETS HONOR LETTER

Sixteen football players of Newark high school team were presented with their athletic letters in the chapel Wednesday morning. The presentation was made by Mr. Tait of the faculty. Mr. Tait spoke to the boys concerning the past season saying that while the season had not been overly successful he rejoiced in the fact that the team had always played a clean square game. He stated that he thought that this athletic training would be a wonderful thing for them and he wished that more would take advantage of the chance.

Letters were presented to Captain Ellsworth Davis, Charles Allen, Melvin Stoffer, Aaron Swartz, Raymond Swartz, Howard Kelly, Bert Wilson, Effie Tyler, Carroll Baker, John Alexander, Marion Stewart, Earle Montgomery, Charles Howarth, Fred Barick, Ralph Ferris.

GOSHEN.

Mr. and Mrs. Arthur Nubling and son Irving, Mr. and Mrs. Fred Johnson and children Louise and Alfred returned to their home in Detroit, Michigan, after visiting relatives and friends in this community.

Mr. and Mrs. Carroll Varner and son Gale of Newark spent Saturday at the home of Mr. and Mrs. Bill Frey of Goshen.

Several of this place attended the lecture given at West Carlisle Friday night.
Miss Bertha Myers of Mt. Pleasant and Mr. Dean Racy of Hadenburg were married Saturday in Newark.
Miss Julia Walker, Mrs. Kenneth Harstow, Mrs. Roydon Stevens and

John DeCessna spent Saturday in Newark and attended the high school play at Hanover.
Rudolph Rine of East Union, J. L. Johnson of Kalamazoo, Michigan, spent Wednesday at the home of Mr. and Mrs. Archie Little of Goshen.

GLENFORD HANDS HEISEYS WALLOP

Perry County Team Takes Long End of 38-22 Score In Game Wednesday.

Some say that lightning never strikes twice in the same place but that old saying is untrue, which was proved when Glenford's basketball team met the Heisey Blue Six and defeated them for the second time this season by a score of 38 to 22. A large crowd was present to witness the game, which, it was thought, Heiseys would win. The game started off with a snap but as soon as Vernon, Glenford's star forward, had caged five baskets during the first half, the Heiseys saw that it was not going to be such a cinch as they thought. Vernon was the star, too, in the second half, making a total of 22 points for the Glenford team. The first game between these two teams was played at Glenford, the Glenford team winning by a large score. This was the second game this season that Heisey has lost to this team.

EAROLD R. DUTCHER.

Earold R. Dutcher of Newark is now stationed on the U. S. S. Connecticut at the Philadelphia navy yard for repairs. Dutcher is the son of Mr. and Mrs. R. C. Dutcher of 1011 East 11th street, and since his enlistment in the navy has been stationed at the Great Lakes Naval Training station.

OIL PRICE DECLINE MAY HALT OPERATIONS

Some of the drillers today are pessimistic over the big cut in the price of oil in the past few days. Many here today fear that if a further drop comes it will mean much of the drilling will be suspended.

The Columbus Natural Gas company is not doing any drilling owing to the bad weather and the heavy roads.

The Emerald Petroleum company got a new well yesterday after shooting the first bottom on the Earl Ryan farm near Fairburg. The well made a good showing.

Whitehill & Housley drilled in a dry hole on the Rebecca and Thomas Wickham farm near Black Hand.

The De Tax company is building a rig on the John Decker farm, No. 1 in Hopewell township.

The Edison Gas & Oil company is rigging up on the Armstrong No. 2 in Hopewell township.

The Emerald Petroleum company got a dry hole recently near Black Hand.

Whitehill, Housley & Co. are rigging up on the Earl Ryan farm near Fairburg.

DORMITORY IS DAMAGED. Washington, Feb. 3.—Fire of 11th terminated origin broke out this morning under the roof of the north dormitory of Georgetown university, but was brought under control before the building had been very seriously damaged. The structure is the oldest of the university, having been built in 1755. It housed about 100 students.

Actions speak louder than words. It does a lot more good to throw a rope to a drowning man than to stand on a line of conversation.

NEWARK MEN WILL ATTEND TAX HEARING

Newark has been asked to send her representatives to the hearing of the joint tax committee of the state legislature which will be held in this state house Tuesday evening at 7 o'clock.

Representatives of the Newark Chamber of Commerce have organized joint tax meetings recently with a view to getting some latest legislation. A bill has been proposed and will be read before the meeting Tuesday night. The bill has two essential features. First, the removal of the tax rate limitation for three years. Second, limitation of bonding power of tax districts, to prevent issuing bonds for current expenses or deficits and second to prevent issuing bonds for a period longer than the life of the improvement for which they are issued. Newark will be represented at the meeting.

BIG DEMAND FOR ELK MINSTREL SEATS

One of the biggest throngs to gather for a social and theatrical affair at the Elk club last night was the crowd that attended the minstrel show. The bill has two essential features. First, the removal of the tax rate limitation for three years. Second, limitation of bonding power of tax districts, to prevent issuing bonds for current expenses or deficits and second to prevent issuing bonds for a period longer than the life of the improvement for which they are issued. Newark will be represented at the meeting.

OPEN SCHOOL FOR AFFLICTED VETS

World War Soldiers Suffering From "T B" Provided With Training In Vocations at New School.

Chicago, Feb. 3.—A vocational training school for ex-service men recovering from tuberculosis and granted training under the federal rehabilitation act has been opened by the Federal Board for Vocational Education at Nauvoo, Ill. It is the first of its kind in the country. The school's immediate field is the states of Illinois, Wisconsin and Michigan, but it will shortly be thrown open to the states of Kentucky, Ohio, Indiana, Missouri, Kansas, Nebraska, Iowa, Minnesota, Montana and North and South Dakota. The school has a capacity of 150 and in the fortnight it has been half filled. "This is a school and not a sanatorium," Charles W. Sylvester, district agent and officer, said here in describing the new institution. "Former service men will get training while they are recovering; they will be educated while their health is safeguarded. It is apparent that at this stage such men cannot be put through regular courses. Instead they will be given an hour of instruction a day, or two hours, or a day, or they can undertake to do a course in a few months they will be able to enter any kind of training. They will be kept under careful medical supervision, but there are no hospital facilities, beyond such as are for use in emergency."

The staff of instructors Mr. Sylvester expects to number 25 to 30, including two doctors and several nurses. We have already fastidied all elementary subjects and all academic subjects, such as mathematics, where extra work is needed. We are teaching commercial subjects, such as typewriting, and stenography, and elementary and advanced architectural and mechanical drawing. We are giving instruction in horticulture and in poultry work.

Within a few days we will round out the courses with the addition of instruction in tailoring, watch making, shoe making and repairing and commercial art. Watch making will include engraving and jewelry work, while commercial art will take in lettering and sign painting.

To avoid friction over food, a committee has been appointed to go over menus two weeks in advance. A representative chosen by the ex-soldiers is one of the three members of the committee.

Nauvoo is an old Illinois town located on the Mississippi. The school stands on a bluff overlooking a great sweep of the river.

LICKING.

Rev. A. K. McCall spent last Thursday night at the R. L. Black home. There were no services here last Sunday owing to the furnace being out of order. It may be quite a while before we will be able to use it as there is some trouble getting parts needed. Several of the people in this neighborhood attended the play in Hebron last week given by the Ohio Wesleyan people.

the week end at the home of her parents near this place. Mrs. Eugene Reichelderfer has been having rheumatism in her feet. Lou Myers was so unfortunate as to have his hand caught in the cogs of a hay loader last week, crushing some of his fingers. A doctor dressed the hand and he is doing all right. Miss Evelyn Wharton spent the week end with Miss Mabel Harter. Mrs. Charles Harter spent last Friday in Newark at the home of her daughter, Mrs. Clarence Messick. Her grandson, Charles Messick, returned home with her to spend the week. Miss Mary Harter of Thurston spent Sunday at the home of her brother, Charles, near this place. Mr. and Mrs. Paul Kochendorfer spent Monday evening at the Charles Kochendorfer home. Mrs. Charles Kochendorfer, who has been ill with rheumatism, is some better again and is able to get around with aid of crutches. Paul Jones spent Sunday with his mother, who is in Columbus taking treatment for her eyes. Mr. and Mrs. Eugene Reichelderfer spent last Saturday at the home of John Mueller and family. Mrs. Fred Blade of Columbus spent a part of the week at the home of Mr. and Mrs. George Brady. Mr. and Mrs. Howard Ford were at the City Hospital last week to see Miss May Brown, who has been ill with appendicitis. Mr. Hoskinson, who drives the school wagon, was so unfortunate as to lose one of his horses Monday. It fell off a bridge. Mrs. Fred Blade, Mrs. George Brady and Mrs. Wells called to see Mrs. Buckland last week. Eugene Hasson and family were Lancaster visitors last Saturday. George Brady, who has been sick quite a while for some time, now has the shingles. Mrs. John Richards, who is quite ill is slightly improved.

Thieves visited the farmhouse of John Awood Tuesday night and stole 100 chickens. J. G. Sowers was called to Eagle Mills, Vinton county last week by the serious illness of his father who has lung trouble. Miss Beulah Fletcher spent Saturday with her great great great uncle and aunt Mr. and Mrs. J. S. Axline. A letter from Houston, Texas, announced that Mr. and Mrs. Sharp are enjoying themselves. The Ladies Aid of the M. E. church will meet with Mrs. Nellie Alberty Thursday afternoon, February 10. Mr. W. A. McIntosh is improving her property in Cleveland street. Miss Lucy McIntosh is visiting her sister Mrs. Alice Osborn at London. Wayne Holmes who was operated on for cancer at Grant Hospital has improved so he has been moved to the home of his parents. Mrs. Fannie Evans of Newark spent Thursday night with Leo Sinsbaugh and family in Mink street. The Parent-Teachers' association met last Thursday evening at the school auditorium. Nell Rushon's division of the high school will give its program Friday afternoon. Harry Mix gave a high school party at his home last Wednesday evening. The Junior and Senior girls are taking a new course in home decoration and planning tonight by Miss Wagon. Miss Sarah Woodruff spent Friday evening with Miss Carrie Roshon. George Deis and Lottie Dye were elected president and secretary of the Lecture society. Miss Wagon and Mrs. Overdief spent Saturday in Columbus. The teachers of S. H. S. have adopted the plan of black marks. Mr. and Mrs. Robert King of Mt. Gilead are the guests of Mr. and Mrs. J. S. Axline.

SUMMIT STATION.

Advocate Want Ads bring results.

Too Many Pure-Breds?

Grandpap had his chance to go in for pure-breds. "No," he said, "too many already."

Again opportunity knocked at father's door. "The breeding business is being overdone," father declared.

Today the same chance is presented to you. Many persons will still tell you there are too many pure-breds. Don't believe them. It is the same old bogey—the scarecrow with a heart of straw that fooled grandpap and father. LESS THAN TWO PER CENT OF OUR CATTLE ARE PURE-BREDS. These are the facts—the 98% are scrubs or grades!

It is too late for Grandpap; and for father—his chance may be gone; but the road is open to YOU. Join those who have become independent by breeding good cattle. Thousands of men in the United States who went in for pure-breds ten years ago are now independent. Tens of thousands who go in now will become independent during the ensuing decade. Our hope is that you will be one of them. Now is the time to buy, when all prices are low. Get ready to share in future high prices.

For instances showing what pure-breds have done for farmers in average circumstances we refer you to the week-by-week articles in THE COUNTRY GENTLEMAN. It combs the country for every sort of news of interest and profit to farmers, and this very ad is due to its desire to be of service. It is really hard to contrive more pleasure and profit than \$1.00 spent for a year's subscription (\$2 issues) to THE COUNTRY GENTLEMAN will bring you. You'll want it eventually—why not order it TODAY?

TONIGHT'S ATTRACTIONS.
Auditorium—Woodling Match.
Alhambra—Robert Warwick in "Jack Straw."
Grand—"The Silent Barrier."
Lyric—Kelly Stock Co.
Olea—"Bride 13."
Ford—"The Lurking Peril" and "Century Comedy."

WILLIAM COLLIER IN "THE HOTTENTOT"
As a farceur, William Collier is in a class all by himself and in "The Hottentot" in which he is to be seen here shortly he distributes laughs in such rapid-fire order that it is impossible to count them. The play in fact is uproariously funny from beginning to end. "The Hottentot" is by Victor Mapes, co-author of "The Boomerang" and Mr. Collier himself. It gets its unique name from a race horse and is described by Mr. Collier as a horse play without any horseplay. It ran all last season in New York and crowded houses are the rule in every city where Mr. Collier appears. He comes here under the Sam. H. Harris management with a typical Broadway company.

RETURN OF SEASON'S CLEVEREST SHOW
Cecil Lean comes to the Auditorium theater for a return engagement on Feb. 9th, in his latest musical comedy triumph, "Look Who's Here." Co-starring with him is the radiantly beautiful Cleo Mayfield, who has already established herself as one of the fore most of America's comedienness.
Mr. Lean, whose sunny smile and

winning chuckle have won for him a place at the head of our musical comedy favorites, has been gathering new laurels as the season progresses. Remembered by most playgoers as the outstanding hit of "Bright Eyes" and "The Blue Paradise," unforgettable Broadway success. Mr. Lean has far greater opportunity for the display of his inimitable talents in his present vehicle. His snappy-effervescent style is such that makes even the most confrm-grouch forget his troubles.

"THE DOPE" IN "JACK STRAW" IS A BIG ROLE
Do you remember "The Dope" in "The Miracle Man"—the sunken-cheeked, craven creature who later made a man of himself? J. M. Dumont's portrayal of this role was considered such a remarkable piece of acting that he

comedy, and the rest of the cast is also of high order. William C. De Mille directed. It is a Paramount Artcraft.

THREE ATTRACTIONS AT THE GEM THEATER
The program at the Gem theater today includes "Bride 13" and George Larkin with Anna Luther in "The Lurking Peril." A Century Comedy will also be shown.

"THE OLD HOMESTEAD" AT AUDITORIUM SATURDAY
This is the expression you hear every time the name of that great American classic, "The Old Homestead" by Denman Thompson, is announced as the coming attraction at the local theater. Every President since 1886 has seen it, Senators, Congressmen, Lawyers, Doctors, Clergymen, Professors, Farmers, Mothers, Fathers, all have seen this great play, that grows younger with age. Now in its thirty-fourth consecutive year and going stronger than ever. Why is it this old classic has such a hold on the American people? Because it is the most natural creation ever con-

EILEEN PERCY—Direction WILLIAM FOX

was signed to a long-term contract to appear in Paramount Artcraft pictures. He is in the supporting company of the new Robert Warwick photoplay "Jack Straw," which will occupy the screen of the Alhambra theater today and Wednesday.

This time Mr. Dumont has an entirely different role. He is a suave, immaculately dressed schemer, who unintentionally puts Mr. Warwick, as the happy-go-lucky leeman-nobleman, on the way to happiness. Carroll McCormick is the leading woman in this bright

ceived by an American Author. The characters are human and taken from real life, some of whom are still living in Swansey, New Hampshire, the home of the play. At the Auditorium next Saturday afternoon and evening.

DOROTHY DALTON STAR AT ALHAMBRA TWO DAYS
Dorothy Dalton is the star that will come to The Alhambra for two days starting Friday and she will be screened in the Paramount picture "His Wife's Friend." Besides the star the following clever performers are seen: Warren Cook, Henry Mortimer, Richard Neal, Paul Cazenwue, Tom Cameron, S. Barrett, William Williams and others. The story is by J. B. Harris-Burland and its a Thomas H. Ince production.

"THE SILENT BARRIER" IS ENACTED FOR SCREEN
"The Silent Barrier," first motion picture play by a member of the British aristocracy to be produced in America, promises to thrill and enthrall patrons of the Grand theater today and tomorrow as it did more than a million readers in its book form. Its author Sir Louis Tracy, was recently knighted by King George for war services.

This is the first of fifteen Tracy novels, rights to which were purchased by Louis Tracy Productions, Inc., to be completed for Gibraltar Pictures. The production was directed by William Worthington who directed most of the Sessue Hayakawa successes, and is one of the most pretentious efforts of Gibraltar Pictures to date.

"The Silent Barrier" requires a cast of sixty people in the principal scenes and more than a month was spent by the entire company in filming special features of the story.

The studio sets involving some remarkable interiors representing London and Geneva drawing rooms, ball rooms and reception halls, were created from drawings and old prints secured direct from friends in Switzerland by Director Worthington. They are unusual in their originality.

"The Silent Barrier" was scenarized by Charles T. Dazey, author of "In Old Kentucky." Mr. Dazey and Sir Louis Tracy worked in perfect comradeship over the transformation of literature into drama, with excellent results.

In the cast of "The Silent Barrier" are Sheldon Lewis, Gladys Huette, Florence Dixon, Donald Cameron, Matilde Brundage, Fuller Mellich and Corinne Barker.

MOTHER SACRIFICED FOR LOVE OF GOLD

Lew Cody, the new Robertson-Cole star, will be seen in his latest success, "The Butterfly Man," the screen adaptation of George Barr McCutcheon's famous novel, at the Auditorium theater, one day only, Friday.

"The Butterfly Man" is a drama of ultra-fashionable society and Cody is seen in the role of Sedgewick Blynn, a waster and idler, who at the sacrifice of his mother and sisters and through sheer nerve made himself a member of the "four hundred." He is known as the "King of Butterfly Men" and Cody is said never to have had a more unusual or stronger role than he has in this picture.

In order to obtain settings of unusual beauty and artistic perfection in keeping with the ultra-smart note of the story, the Gasnier company, which produced the picture, employed the services of two art directors, Milton Monasco, a designer and mural decorator of note, who was awarded many medals at the San Francisco exposition, and Frank Ormstrom, graduate of art schools of the old and new worlds. Both are distinguished for their work in designing some of the most famous settings for Sessue Hayakawa, the Japanese star.

CAPACITY HOUSES AT COLUMBUS FOR "OLD HOMESTEAD"

Seats are now selling for Denman Thompson's old play "The Old Homestead" at the Auditorium, Saturday afternoon and evening next.

This attraction at the Hartman theater Columbus last week drew capacity crowds.

THE KELLY STOCK COMPANY AT LYRIC

The Kelly Stock company played to another capacity house last night and to say that the show went over big is putting it mild as the audience was in a continuous uproar of laughter all the while. Last night and Thursday "The Lure of the City" one of the prettiest stories ever written will be the attraction. This play has a wonderful happy ending and is a most interesting and

Rachmaninoff himself chose the Victor

Rachmaninoff knows music. Knows how to compose it, how to play it—and how it should be reproduced.. It is significant that the great composer-pianist in the light of previous experience has chosen to associate himself with the other famous artists of the world who make records for the Victor.

Hear Rachmaninoff's Victor Record of Mendelssohn's "Spinning Song" played on the Victrola and you hear the great pianist exactly as he wishes you to hear his own work.

Victrolas \$25 to \$1500. New Victor Records demonstrated at all dealers on the 1st of each month.
